Preserve Calavera COVID-19 Volunteer and Fieldwork Procedures July 1, 2021

Our mission is to protect, enhance and restore the natural resources of coastal north San Diego County. We are committed to maintaining the safety of all members and volunteers as we work to carry out our mission. Effective immediately until further notice the following modified procedures must be followed during the COVID-19 pandemic and associated public health guidelines.

Preserve Calavera shall:

- Ask all attendees prior to participation in field work by asking to self screen and not participate if symptoms are present (cough, shortness of breath or trouble breathing, headache, fever, chills, muscle or body aches, fatigue, sore throat, congestion or runny nose, new loss of taste or smell, nausea or vomiting, diarrhea, exposure to person who has tested positive for COVID-19 within the previous 2 weeks).

- Maintain minimum six-foot social distancing of unvaccinated participants throughout event unless members are of same household as noted on liability waiver.

- Have all participants sign liability waiver including verification that they have read these procedures.

- Will not provide food, water or disinfectant for use by participants. (Gloves may be provided)

- Designate event leader for each event who is responsible for ensuring compliance with these procedures.

Volunteers shall:

- Sign a liability waiver confirming that they have read and will comply with these procedures.

- Answer self-screening health question prior to participation.

- If unvaccinated, wear facial covering (mask) over nose and mouth at all times during event and maintain minimum six-foot social distancing from all other participants unless members are of same household.

- Leave event if requested for failure to comply with these procedures or any other safety violations.
